### Espresso Defined

An Espresso beverage is the ultimate coffee experience. Espresso is a coffee of Italian origins.

The term is derived from the Italian word for express since it is made for and served immediately to the customer. The best espresso has a potent aroma, smooth texture, and a flavor similar to freshly ground coffee. Espresso is served in a demitasse (resembles a tiny tea cup) and should have a creamy thick crema of mahogany color on top. The best espresso should be slowly savored and enjoyed for the perfect espresso experience.
